FROM THE MAKERS OF IMPERIAL SLACKS COMES

IMPERIAL ALLIANCE

A brief description of our non-house style:

- a lifesize fullscale yellow horse becomes a rocking toy
- an all-girl boy-band drags through the city with the top down baby
- a bumper to bumper salon of paintings
- watch as a 3D computer animated business man's head explodes
- panorama painting morphs through grid to graffiti to cityscape
- interact with a portaloo in a way that Duchamp could only hope for
