---

To Port Authority,

We are notifying you of our event on November 8, 2003 from 4:30 – 7:30pm. We are presenting an outside performance art event in two locations, The performers will be performing by the seawall at the Plaza of Nations, the second location will be on the promenade at Science World on the sea side. We have spoken with David Rieberger, (Film and Special Events Office, Projects Branch, Engineering Services) at the City of Vancouver and Daisy Chin at Parks Board, but we also wanted to notify you of our event in the event that someone sees our project and would like to know what's going on. There will be a fire sculpture involved with the performance however we have the permission of Science World and the City to light the small sculpture. I have attached the detailed information of what's included in the performance.

Please contact me if you require more,

Thank you,

Daina Warren
