LIVE Biennial of Performance Art

Andre Stitt

WHITE TRASH

November 14 - December 6

Opening Friday November 14 at 8pm

'Since the early 1980's I have been collecting photo snapshots of people and places in my adopted community in London and, wherever I traveled, making performances. As such these images function as a connection with a moment, a memory, as cultural artifact and signifier of events. The photos are

reconstituted and recontextualized along with text to create an installation specific to grunt gallery and LIVE."

Born in Belfast, Northern Ireland and living in London since 1980, Stitt is considered one of the UK's foremost art performance creators. He has worked as a live artist since 1977, producing over 250 unique performances at major galleries, festivals, alternative venues and public spaces throughout the UK, Europe, North America and his native Ireland. Stitt currently runs the program Time Based Art at the Cardiff School of Art.
