

February 2005

To Whom It May Concern:

As the Director of Addictions Services, Vancouver Coastal Health, I would like to offer my support of the NOVA library.

The NOVA library project will offer exciting and valuable opportunities for those individuals dealing with the effects and challenges of addictions, as well as broadening the public awareness of these issues.

All the best wishes to Hans Winkler as he moves forward with this endeavor.

Sincerely,

Heather Hay,
Director Addiction Services
Vancouver Coastal Health
