ITEM II: SOIL DEPOSIT BYLAW

Committee reviewed the draft bylaw as prepared by Grant Anderson. As a result of the discussions Committee ask that a draft report be written for their review and included the following four recommendations:

- a) That schedule A of the draft bylaw be adopted as the limits for the definition of contaminated soil. These limits are the same as used for the Pacific Place standards as issued by the Ministry of Environment.
- b) That a permit fee of \$0.10 per cubic metre be charged for all materials deposited on lands greater than 50 cubic metres with no maximum amount per lot or acreage.
- c) That all materials deposited in Port Coquitlam under the jurisdiction of this bylaw and originating from places outside of Port Coquitlam automatically be required to furnish proof that they are not contaminated as outlined in the schedule A limits.

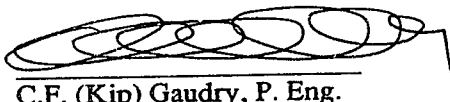

Cont'd .../2

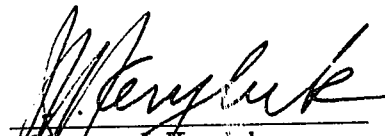

- d) That the draft bylaw and comments from the Environmental Protection Committee be forwarded to the Protective Services Committee; Public Works Committee; Parks and Recreation Committee; and Planning Committee for their comments and input prior to submission to Committee of Council.
