### Item No. 4 Viscount Alexander Elementary School

The Committee discussed the attached letter. Prior to the delegation coming The Parks & Recreatoin Director made the following comments:

### Consideration be given to the collowing policy:

That where the location of a school be deeped to be a neighbourhood park serving the needs of the local community; where no other municipal owned park is developed, that consideration be given to funding portions of such projects as playground apparatus, ball diamonds, soccer fields etc.

Gloria Aitken representing Viscount School made a presentation to the Committee requesting funding to offset the \$30,000 cost of the equipment. She presented a package of information outlining the cost of the equipment and the funding done in the past two years by the school. Alderman George Laking indicated at the meeting to Gloria Aitken that we have only \$5,000 in the budget for playground equipment and that was for City equipment; he indicated that it would be unlikely that funding for Viscount would be forthcoming.

#### Recommendation:

That the City not participate in funding the playground equipment.
