Item No. 4

Lions Park Redevelopment

The committee discussed the fact that there would be an additional \$11,550 required for the parking lot. The estimate originally from the consultant was much lower than when we went out to tender. Council had earlier approved \$82,130 for the first phase of redevelopment.

The other area identified was the need for irrigation in the area where the present parking lot is located. The cost of this would be \$18,400. Alderman Gates felt that at this time this should not be required as it would be vandalized. The Parks Superintendent outlined the reasons why the irrigation is so important; we need to have a thick thatch of grass in order to prevent weeds and also the grass gives an aesthetic quality to the park.

Recommendations:

- a) That an additional \$11,550 be approved for the parking area and that an additional \$18,400 be approved for the irrigation and that the total would also include 10% contingency for a grand total of \$32,950.
- b) That this money be taken from park DCC interest.
- c) That the City Treasurer be directed to apply for B.C. Lottery Funds.

MEMORANDUM TO: K. Janna Taylor, Parks & Recreation Director

MEMORANDUM FROM: Larry J. Wheeler, Recreation Manager

SUBJECT: Rental Rates - Junior B Hockey

Recommendation:

It is recommended that the local Junior B Hockey Club be charged a reduced rental for the 1988-89 season of \$40.00 per hour for games and practises and further that the concept of a reduced rental rate be reviewed prior to the 1989-90 season.

Purpose/Problem:

The purpose of this report is to provide information and a recommendation for the consideration of the Parks & Recreation Committee regarding a proposed rental fee for the newly established Junior B Hockey Club.

History/Background:

Beginning with the 1988-89 season, Port Coquitlam residents will have access to another level of hockey participation and/or entertainment - Junior B Hockey. Our current schedule of fees and charges does not include a rate for Junior B Hockey. Therefore, it is necessary that we establish a rate for the 1988-89 season.

Alternatives:

Several alternatives should be considered:

- * Minimal Rate - charge Junior B the same rate as minor hockey
- * Moderate Rate - a rate equivalent to approximately 50% of the commercial prime time rate
- * Maximum Rate - equivalent to commercial rate

SEP 26 1988

...2

Discussion/Justification:

The attached chart provides an overview of the rates charged by other communities with Junior B hockey clubs. As identified, those Junior B clubs that are affiliated with minor hockey organizations pay a rate that is much lower than those Junior B clubs who are not affiliated with minor hockey organizations. The Port Coquitlam Junior B Hockey is not affiliated with the PoCo Minor Hockey Association.

However, recognizing that this is a start-up year with all the related front end costs, it would seem reasonable to assist the club by keeping the rental rates at the moderate level. This would hopefully assist with the development of a viable Junior B hockey club in Port Coquitlam.

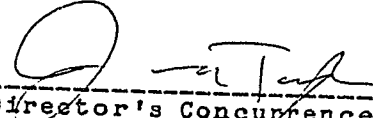

Regardless of which fee is established for the 1988-89 season the rental rate should be reviewed as part of the complete 1989 fees and charges package.

Summary/Conclusion:

In 1988-89 Junior B Hockey will be added to the list of opportunities available in Port Coquitlam. Currently a rental rate does not exist for this classification of hockey organization. Rental rates vary around the league depending on whether or not the club is affiliated with a local minor hockey association.

Despite the fact that our club is not affiliated with the local minor hockey association, and is made up of primarily adult players.....a moderate level of fees is considered to be desirable. This would hopefully allow the club time to get well established in the community.
