Item No. 1      Hyde Creek Feasibility Study

Ken Weber presented a draft report on Hyde Creek Centre. Three options were presented to Committee on possible layout for the centre. A considerable amount of discussion took place on the pros and cons of each site. Ken identified that initially costs of installing the elevator, replacing the roof, putting in sprinklers, relocating and upgrading of services would cost \$350,000. The various sites, as presented, would cost the following:

Site A-1	2.5 million	+\$350,000
Site A-2	2.8 million	+\$350,000
Site B	2.5 million	+\$350,000

Ken Weber will be fine tuning the various options, as discussed by the Committee. A phasing proposal will also be brought forth to the next Committee meeting. The next meeting with the consultants will be May 28th at 3:45 p.m. in Council Chambers.

Dear Barb,

for your information, the event planned for May 31, 1986 at Lions Park, was a Community Sale. It was described, during that <sup>2nd</sup> week of April, to your office as being a Flea Market and Bazaar, with details of the planned event.

This event would involve people from the community selling new and used articles at the park. We proposed raising money for the community from this event by renting space and tables to the sellers. Also we would sell refreshments, balloons and sponsor several raffles.

If there is to be a problem with our holding this event, I would appreciate hearing from you as soon as possible.

Thank you for your attention to this matter

Dear Len,

Some time ago we had a conversation about the road allowance that was made into a park. As this is the Legions 60th Anniversary, we would appreciate the said area be named "LEGION JUBILEE WALK". With your permission and councils, we would have two rustic signs mounted, one at each end of the walk. Waiting your immediate anticipated approval, I remain,

Fraternally
