Our pink is no pastel candy, but a muffled peach--an earlobe, shell pink. The lines are as organic as sand contours on a sea washed beach. A most elegant suit in lightweight Italian wool. Suit, \$650. (Also available in beige.)

# *Linen Blossoms*

All reports from Europe indicate big increases in the use of linen. Here a mixture of cotton and linen is taken for a saucy camisole and a flattering blouse. Exquisitely pale pink, robust taupe. Blouse, \$285.; camisole, \$165.

*By Step*

Vancouver's spring unfolds slowly--a season to be savoured! You'll savour all the more in our barathea wool suit. (Barathea wool is so fine that the side next to you skin feels like satin!) The jacket has a side closing, the skirt wraps. Another exquisitely pale pink. \$650.

## *Vested Interests*

The vest makes a double-breasted comeback in linen and fibranne. Ideal for summer travelling. The colours are a handsome khaki, coral, and off-white. Vest, \$115.; suit, \$460.
