## Spectacular Skirtline

*This fall, the fashion interest is all in skirts! Our studio has been humming with ideas. Different silhouettes emerged so rapidly, it was as if they had a life of their own. Pictured above, against a spectacular Vancouver skyline, is a skirt in Swiss wool jersey with a companion sweater. Red, blueberry, black, navy, royal, teal, cinnamon, green.*

# Tiered Whimsy

A delicious confection available in merino wool or wool jersey. The tiered skirt will inspire a light-hearted mood whether it is teamed with a matching jacket or whether it sallies forth alone!

# *Nautical News*

*You've heard of pea jackets. Why not a pea coat and skirt? Inspired by marine dress, but equally at home when you reach land is this combination in soft and warm merino wool. The tucked blouse may be had in silk crepe de chine or cotton pinpoint Oxford cloth.*

*It swings!* This skirt with an elegant vertical line is created of Italian wool jersey. Black, royal, green. Wear it with or without a matching cardigan.
