The Silk Coat

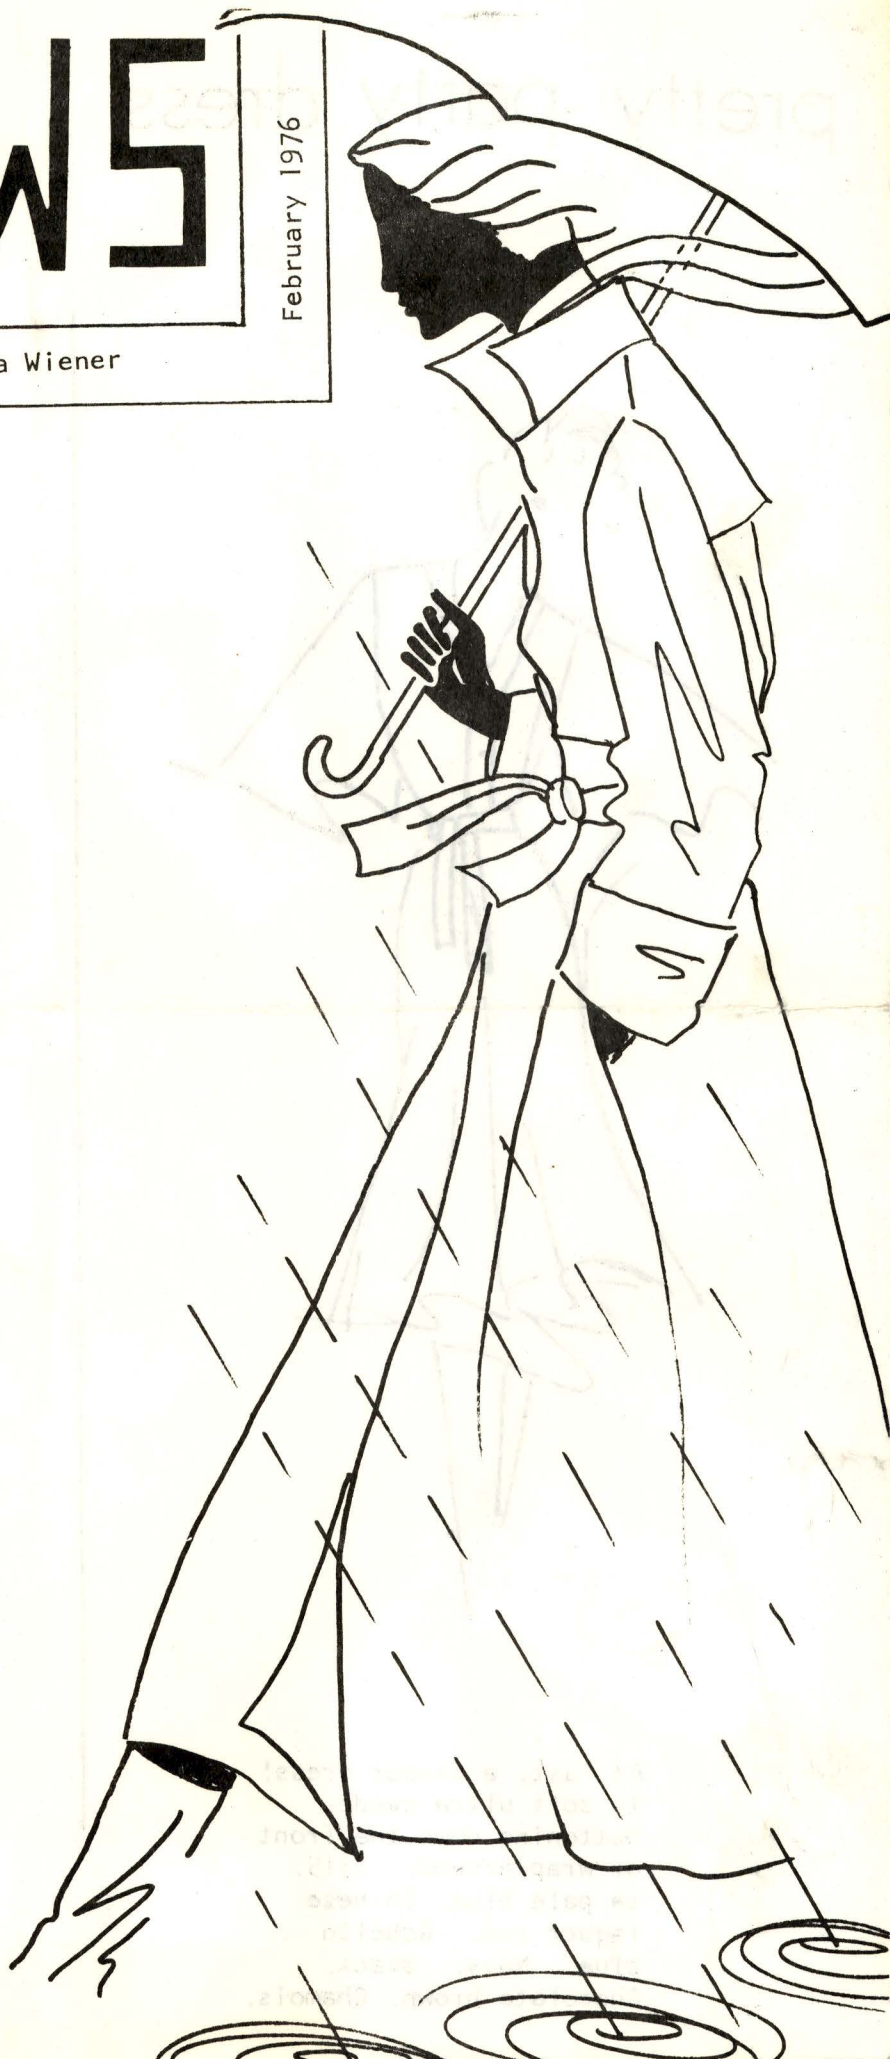

is ideal in the rain. We make it of 100% pure Italian silk and it is typhoon proof--more so than any cotton coat we have seen. Hold the material under a tap and watch the water bounce off! Come and see for yourself!

A subtle sheen makes it an elegant theatre coat.

Light as a second skin, it proves a welcome travelling companion.

The demand in Paris for this Taroni silk is so great that it is difficult to obtain. We have, however, enough on hand for a few pieces.

- \$500 -
