Dear Mr. Vance:-

I received a very gentlemanly report from the proprietor of a confectionery store at 2045 Granville St., stating that someone - evidently Mr. Robertson - entered his store and instead of saying what he was there for walked into the kitchen in a very brusque manner, upsetting his wife and also one of the girls. He asked me if we could not send a more gentlemanly man, as he had always received great courtesy and help from the Department hitherto.

I do not wish to put you to any unnecessary trouble, but as this is one of the first complaints that have occurred since Mr. Robertson rejoined the staff, I would suggest that you visit the place and get a first-hand account of the trouble before speaking to Mr. Robertson.

Yours truly,

*F. T. Underhill*  
MEDICAL HEALTH OFFICER.

Personally, called as store as 2045 -  
Grammelle & saw Mr. Higgins the  
proprietor of store - He stated that the Inspectors  
did nothing and said nothing - and that they  
were very friendly - was that he did not like  
the Inspectors manner - and his wife did not like  
the way in which the Inspectors entered the premises -

Inspector Robertson states

Two two weeks ago the  
above premises was conducted as a Chinese Restaurant -  
he had no knowledge of the change of business until  
he had entered premises - he serves lunches & meals  
cooks in the kitchen - Bed lounge in kitchen - no  
Restaurant kind - Inspector Robertson states  
that he was most pleasantly received and was  
shocked to think that any complaints had been received -
