Dear Mr. Vance

Through Mr. Stone I met Mr. Arthur on Tuesday. He was very satisfied with what I told him, but would like to see you. He is quite prepared to go ahead & help us, as we have several people now waiting to see what our programme is. I would esteem it a special favour if you could contact him at the earliest possible moment.

Just what arrangement can be made is not so very important just now, as the details can be settled later, but we should get him lined up without delay, whilst he still is in a receptive mood.

I know you are very busy & would not trouble you, but it seems

that things are working for us.

Yours faithfully

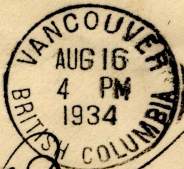

W. Leggo A.
