

Richard Lang

1725 Sperling Ave
Burnaby BC

Charged with the
- Murder - of
Hans Ambrosch

Gave Verbal evidence at
Coroners Inquest at Burnaby
Funeral Home 4257 Hastings
at 2. 11 - am Sept 21/34
on alcoholic contents
of Stomach contents. I stated
that degree of intoxication
was indicated by the analysis
of alcohol in the Blood & urine
that specimens of Blood and
urine had not so far, been
submitted but the Alcohol
had been detected in Urine &
Blood some two months after
death. The Examination
of Skin for Poole mark and
Burns had not been completed
that there was evidence of Alcohol
in the section of Kidney and
liver -

Sept 22/34 10.45 am
gave evidence as

Preliminary Hearing at Bureau
Police Court - Bureau
Injunction to the 7 Inquest
except the 1st of the
specimens of urine & blood had
just been received from
Dr. Maxwell and would be
reported upon at a later date
than Allen Johanson. Disease
cannot asked the when tests
were completed the he be
supplied with copies & same
this was granted. The
Magistrate. The 1st of the
Deputy who prosecuted stated
the the clothing of the deceased
& the Shotgun were being handed
to the Forensic Nurse for
examination.

Handed in the jar (Sealer)
to the Court - The jar is the one
containing the piece of skin - piece
of liver & kidney & pancreas
I also ~~the~~ the stomach & contents
