Dear Sir,

We have been instructed by the Officers and members of this Association to write to you to express their very sincere appreciation of the co-operation, courtesy and assistance which the members of this Section received during the recent enquiry into the question of the purchase and sale of infected meat.

We are satisfied that had the newspapers and others made the necessary enquiries before giving this matter the publicity which it received, that this question would not have caused the scare which developed in this connection.

The members of this Association as a whole, and the Butchers' Section in particular, very sincerely appreciate the unbiased and practical report which was submitted by your good self, and feel that they can always count on receiving your assistance as they have done in the past.

Assuring you we very much appreciate this courtesy, we are,

Yours very truly,

Walter F. Ing,  
Secretary, Vancouver Branch.
