

Dec 14/57

The Superintendent
P.B. Victoria B.C.

Dear Sir

I am returning from No 26 with my signature only -
My wife suffers from a heart condition - and a few months
ago had a stroke - and lately has a severe cold -

I had hoped that she would be able to accompany me
to Vancouver for medical check up - and have her signature
witnessed. But so far has not felt equal to the journey -
(we live about 25 miles from our family Doctor and church)

Would you kindly let me have another copy of Form No 26
and I would be very anxious to have the matter attended to -

I am sorry for the trouble I am causing you

Yours truly - J. M. [Signature]
