Dear Madam,-

Absence from the city has prevented my
replying to your letter of April 20th., at an earlier date.
Owing to my retirement from civic service
the equipment which I used for so many years, is not
now available to me, and under these circumstances I
regret very much being unable to undertake this examination
for you. Hence I am returning the document herewith,
I would suggest that you contact my
successor in the laboratory, Mr. E.J.Fennel,

Yours very truly,
