

*The Social Register of Canada is pleased to announce that your name has been placed before its Committee of Arbiters and accepted for inclusion in its forthcoming edition. The selection of your name and those of the members of your immediate family has been initiated by arbiters who are considered eminently qualified to evaluate the social precedence of the citizens of your community.*

*The Social Register of Canada is dedicated to honouring those of Canada's citizens whose social prestige is an irrefutable warrant that they or their forbears have contributed significantly to her development.*

*The Social Register of Canada has been distributed, not only in Canada, but abroad. This and future editions will perpetuate the social prestige of those whose names shall presently be inscribed by continuing to list their names and those of their children generation after generation wherever they may reside.*

*To ensure accuracy of your listing in the forthcoming edition, you are requested to amplify the biographical data currently available to us by filling in the enclosed biographical form. This we urge you to do at your earliest possible convenience as, for purposes of editorial clarity, only those entries submitted with complete biographical information will be contained in the forthcoming edition.*
