Dear Sir,

As you know, we have since our inception, been  
interested in the cultural development of our country, and  
Canadian "Renaissance" in the arts, letters, and sciences are  
honoured in our pages.

I have your letter informing me that I am  
a former member - Ca. Aug 11/61 - I made for  
1420 St. J. St. and now at 323 St. J.

as this time I do not have the letter which  
is the first copy of the letter - not that P. 325 is  
added to my name - I am having fun to do  
with the letter and the things

I am sorry for the letter - I am having fun to do  
with the letter and the things
