Sir

I wish to draw your attention to a store on Broadway, 3080 West where they bake bread under very unsanitary conditions, they live in back, bake in the back, wash in the back, there is a toilet in the same room, they have no license, they have a bed and sleep in the room, they have men in the back till after midnight and the naibers are all talking The place is being watched We dont want people like these round here.
