

March 25, 1949

W. H. Mulligan, Esq.,  
Chief Constable,  
Police Station,  
Vancouver, B. C.

Sir:

In reply to your letter of March 24th  
re scientific equipment in the Laboratory belonging  
to the Police Department, I wish to state that the  
following equipment is at present in the Laboratory:

Low-power microscope  
High-power microscope  
Projection microscope  
Ultra-violet light  
Photo enlarger.

The Comparator, Helixometer, and Photo  
Comparison Microscope were turned over to Sergeant  
H. A. Vince last year, as requested by yourself,  
and are no longer in the Laboratory.

Respectfully submitted,

John F. C. B. Vance  
City, Provincial & Dominion Analyst  
Inspector I/C Police Bureau of Science
