

Received from Mr. G. MacDonald,  
of the Dept. of Customs + Excise,  
at 3<sup>30</sup> P.M., Wednesday Nov. 10/26,  
1 - one-quart flat bottle, (Imperial size),

Containing 17 ozs. of a liquid of a  
light color, not unlike water color  
in appearance, with a very faint  
yellowish tinge.

The liquid resembles a Potable Alcohol  
in appearance, taste and smell,  
it has a kind of 'Whisky' taste + smell.  
plain cork in bottle which is sealed down  
with red sealing wax, and a stamp  
has been stamped in the wax but it is  
very hard to make it out, but looks like  
'Inland Revenue', this seems to be what it means.

Piece of white paper pasted on bottle: - Sample of  
Illicit Spirits Seized from Mrs. Pilkington  
28-27 East 48<sup>th</sup> Ave., 26<sup>th</sup> October 1926  
South Vancouver, B.C., G. MacD.
