Dear Uncle John:-

I am going to ask you to do me a favor, and would have come down to see you, if it weren't for the fact that you are a busy man, and perhaps not easy to see.

Sometime in the next couple of weeks, I expect to go to California, where I have a good opportunity looming up. Right now, I am just getting all set to go on short notice, if my final word comes thru toward the end of the week. It is practically ~~fixed~~ definite now however.

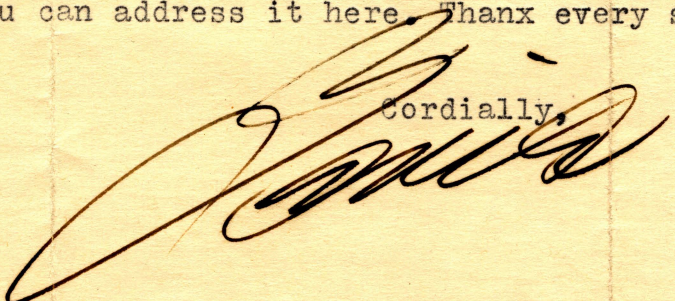

Naturally, I can't tell the Consulate that I am going to a position which is already waiting for me, but I am making my application for permanent residence. I've been using all the strategy I can, and the result is that friends connected with the Immigration have given me a lineup on what I must have, and what I must do and say etc., when I do go to the Consulate.

The story is that I am going to reside with relatives in San Francisco (Shaws) to whom I have had to send for affidavits and letters and what-not. In addition, they tell me that plenty of good references will help a lot.

I have already got several, and what I would like you to do for me is give me another, because your name is such a well-known one. Just one of those TO WHOM IT MAY CONCERN affairs, in which you state that you know me to be a person of character and ability (!) or whatever you care to say. So as to make yours jibe with others, as regards my various "aliases," you'd better refer to me as your niece, MARY SUSANNAH BURNES, generally known as ZANIA BYRNES, and working professionally under the name of ZITA LOMAS... or something like that.

I would appreciate it greatly if you would give this your IMMEDIATE ATTENTION, and send the reference by return mail. You can address it here. Thanx every so much in advance.

Cordially,

ZITA LOMAS
